Dear Fred,

Please find attached an overture from Waterloo CRC. We realize this overture is too late to be included in the agenda of Synod 2023, but we are hopeful Synod will still consider the overture based on its weightiness. This overture was written by members of Waterloo CRC's church council and was adopted at our meeting on April 11. We humbly submit it for consideration at the May 2023 Classis Huron meeting. In doing so, we are asking classis to support us in overturning Synod 2023 to declare the interpretation of Heidelberg Catechism Q. and A. 108 adopted by Synod 2022 has the weight of synodical authority but does not have confessional status.

In Christ,

A handwritten signature in black ink, appearing to read "Andrew White". The signature is written in a cursive style and is positioned above a horizontal line.
